

i8 Coupe LCI .

New car

Technical data

Motor: 275 kW (374 hp accumulative), 570 N.m. (accumulative), 0-100km/h in 4.4 sec.

Cylinder/cubic capacity: 3/1,499.

Transmission: 6-Speed Automatic transmission with gearshift paddles.

Doors/Seats: 2/4

Luggage Compartment Capacity: 154l.

Upholstery: Full leather 'Spheric' perforated, Black

Standard equipment

BMW Laser lights	Ceramic Surround for Controls
High Beam Assist	Harman Kardon surround sound system
Brake Calipers i design	BMW i interior design Carpo
Park Distance Control front and rear	Instrument panel in leather 'Walknappa'
Adaptive Suspension	Interior trim finishers 'Dry Carbon'
Comfort Access	Locking wheel bolts
Multi-Functional Instrument Display	Floor mats in velour
BMW Display Key	Smoker's Package
Multi-Function Steering Wheel	Cup holders
Navigation System Professional	Front armrest
8.8" Display Touch Screen	Warning Triangle and First Aid Kit
20 GB hard drive	Brake Energy Regeneration
BMW Apps	Cruise Control with braking function
i-Drive touch Controller	Acoustic protection for pedestrians
Head-up Display	Driving Assistant
Lights package	Attentiveness Assist
Sport Seats Electric Adjustment with memory	Dynamic Stability Control (DSC)
Dual zone Automatic Air Conditioning	Anti-lock Braking System (ABS)
Extended Bluetooth connectivity	Cornering Brake Control (CBC)
Rain Sensor and Automatic Driving Lights	Driving Experience Control with ECO pro
Interior & exterior mirror with anti-dazzle Function	20" BMW i light alloy wheels Radial spoke style
Shadow line	516,
Tyre repair kit	front: 7.5 J x 20 / tyres 215/45 R 20
Anthracite Headliner	rear: 8.5 J x 20 / tyres 245/40 R20
BMW i Blue seat belts	
Apple CarPlay	

Warranty

2 years guarantee with unlimited mileage

8 Years/100.000 km battery warranty

List price

EGP 2,750,000

Information on fuel consumption, CO₂ emissions and energy consumption according to the German Ordinance on Energy Consumption Labelling for Passenger Cars

Brand: BMW	Fuel type: -
Model: i8 Coupe LCI.	Other energy sources: -
Performance: 275 kW	Kerb weight: 1,535 kg

Fuel consumption	combined: - l / 100 km
-------------------------	-------------------------------

CO₂ emissions	combined: - g / km
---------------------------------	---------------------------

Energy consumption	combined: - kWh / 100 km
---------------------------	---------------------------------

The stated values were determined according to the prescribed measurement process (Section 2, Nos. 5, 6, 6a of the German Ordinance on Energy Consumption Labelling for Passenger Cars in the current valid version). CO₂ emissions resulting from the production and provision of the fuel or other energy sources are not taken into account when determining the CO₂ emissions in accordance with the requirements of Directive 1999/94/EC. The information does not refer to an individual vehicle and is not part of the offer but rather is used solely for comparison purposes between different vehicle types. The fuel consumption and emission levels stated here refer to a vehicle from the current production run. Until your desired delivery date, changes may occur in the production run that may affect the weight, aerodynamics or tyre rolling resistance of the vehicle, possibly altering its fuel consumption and CO₂ emissions by an increase or decrease of up to 5g/km.

Information in accordance with directive 1999/94/EC

The fuel consumption and CO₂ emissions of a vehicle are not solely dependent on the vehicle's fuel efficiency, but are also influenced by driving style and other non-technical factors. CO₂ is the greenhouse gas primarily responsible for global warming. A guideline for the fuel consumption and CO₂ emissions of all passenger car models offered in Germany can be obtained free of charge, anywhere in Germany where new passenger car models are displayed and offered.
